OUR MAIN GOAL

*Our main goal is to empower businesses with innovative, scalable, and user-centric digital solutions.
We strive to deliver excellence through quality, creativity, and long-term value.*

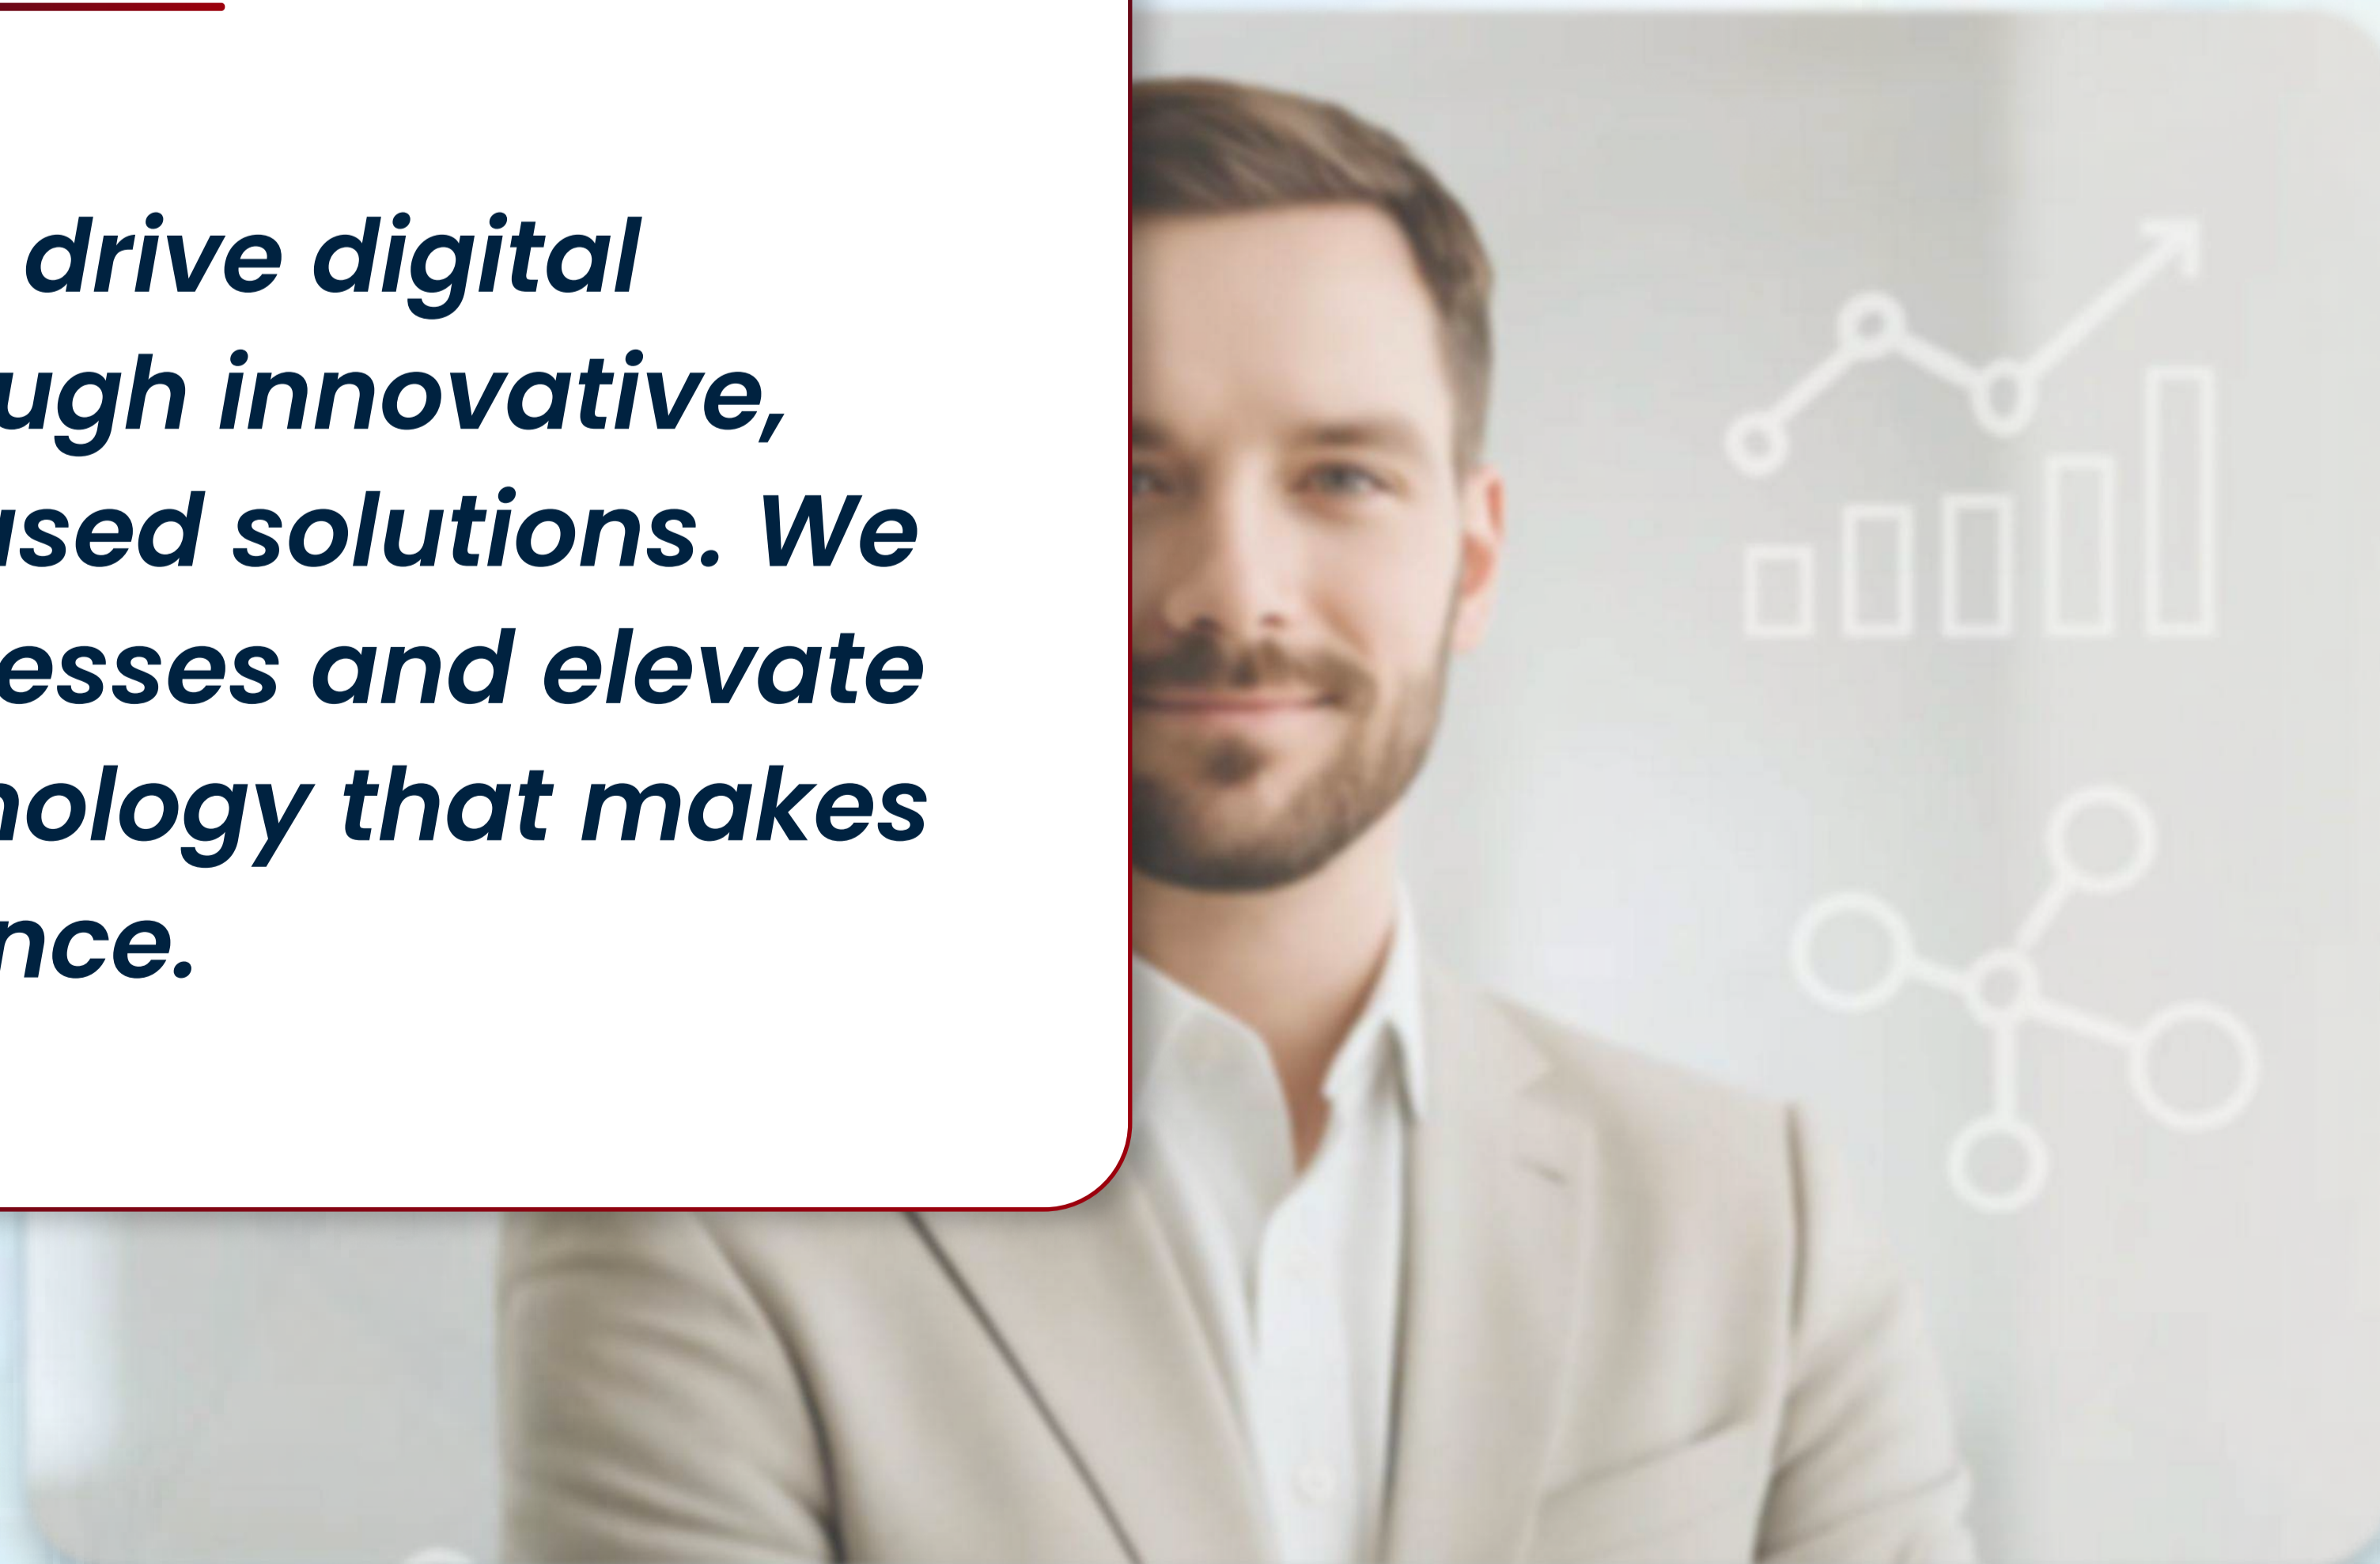

WHAT WE OBSERVE

*We closely observe industry trends, user behavior, and business challenges to craft tailored solutions.
Our insights drive smarter strategies, better designs, and impactful results.*

OUR PURPOSE

Our purpose is to drive digital transformation through innovative, reliable, and user-focused solutions. We aim to empower businesses and elevate their growth with technology that makes a difference.

BRAIN BEHIND MAXTRA

Will Help You In Your Business To Grow With Their Skills, Knowledge, And Years Of Experience, Ensuring Every Solution Is Tailored To Your Goals And Built For Long-Term Success.

Shivendra Dwivedi

Founder & Director, Maxtra Technologies

With 20+ years in the software industry, Shivendra has led 8000+ software and 300+ mobile app projects across global markets. He founded Maxtra Technologies in 2009, driving innovation in mobile apps, web, blockchain, AI, and more – now with a global footprint in the USA, India, and South Africa.

Kripa Sagar Tripathi

Director, Maxtra Technologies

A dynamic leader and versatile professional, Kripa drives business growth through hands-on leadership and a commitment to continuous learning. With 7+ years of experience, he has helped startups and SMEs accelerate revenue growth, consistently delivering results through a proactive and adaptable approach.

Tushar Srivastava

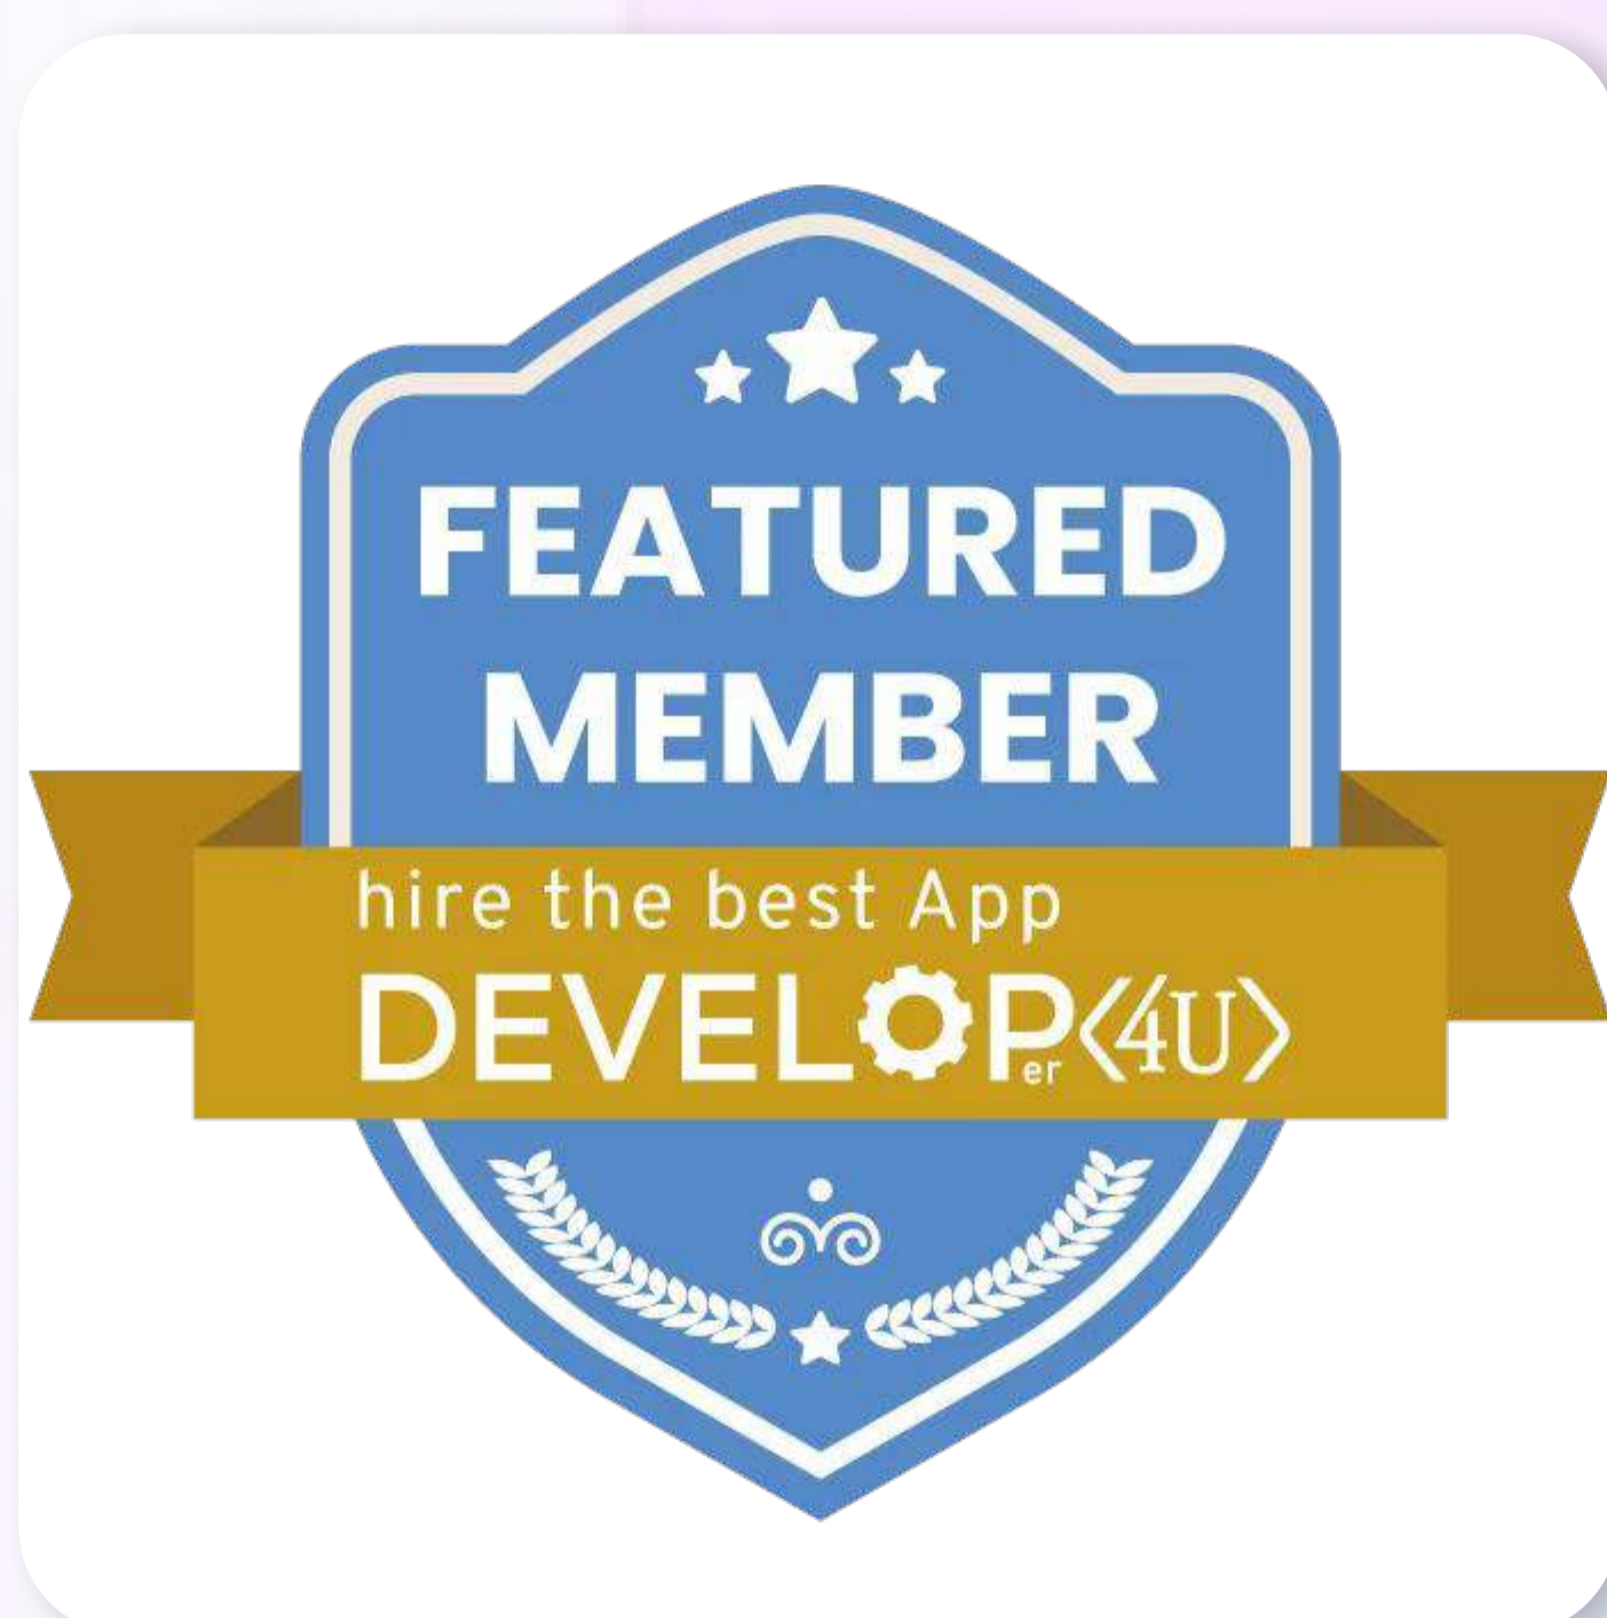

Director, Maxtra Technologies

A dynamic and results-driven leader, Tushar brings deep expertise in business growth, sales, and team leadership. His commitment to excellence, adaptability, and passion for continuous learning have been key to driving Maxtra Technologies' success. Known for his ability to inspire teams and deliver impactful results, Tushar remains a trusted force behind the company's growth.

AWARDS & RECOGNITION

We are an award-winning and Clutch-reviewed company for Mobile Application, Web Application, and Unity Development.

TIMELINE

From a bold vision to a global force in digital change, our journey reflects the commitment to an impeccable creativity, technical specimen, and excellence. Each milestone is not just one step – it is a jump towards redefining industries, empowering businesses, and building a smart future. This is more than development; It is a legacy of innovation in speed.

2009

Founded & Set a Vision in Motion

Maxtra Technologies came into the picture as a vision of Founder Shivendra Dwivedi to deliver top-notch software solutions across the globe. Our initial focus was on web development and building a team of experienced and qualified developers.

2012

Expanded Development Capabilities

Within a few years, Maxtra Technologies scaled its delivery operations, adopting structured Agile and Scrum processes to serve global clients efficiently.

2015

Venturing into Mobile & Emerging Tech

We began providing mobile app development services via diverse platforms like Android, iOS, and Cross-Platform. Our team also explored innovative areas like IoT, chatbots, etc.

2020

Global Recognition and Partnership

On June 24, 2020, Maxtra gained global recognition as a strategic partner, receiving a certificate of appreciation from Business Connect. Projects crossed the 2000+ mark across web and mobile.

2025

Emerging as a Global Tech-Innovator

Now in its 16th year, Maxtra operates across the USA, India, South Africa, and Australia—delivering innovative solutions powered by AI, Blockchain, and Machine Learning.

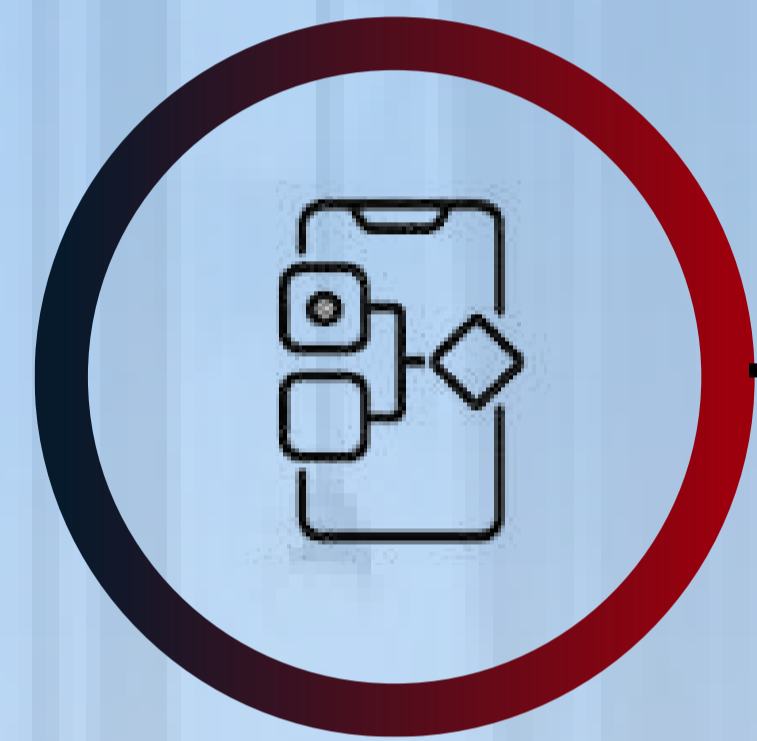

Inspired by our journey? Let's build yours.
